

Student Impact

Participants gained approximately

4 MONTHS

of reading growth on average in essential literacy skills

That's 2x more than the expected growth average

33%

Reading gap closed, on average, between students initial reading level and grade level expectations.

Students reading at or above grade level increased 72%

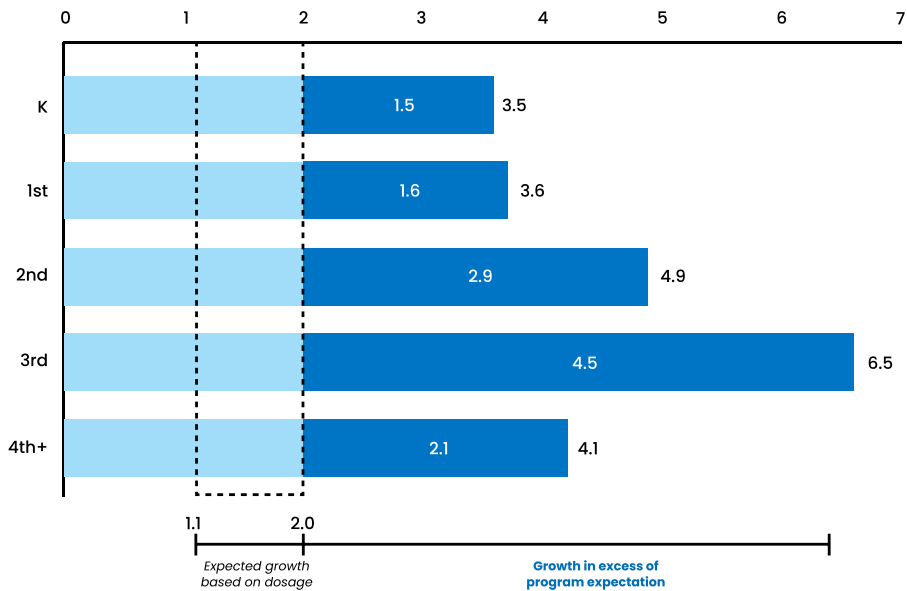

32%

Before Springboard Collaborative

55%

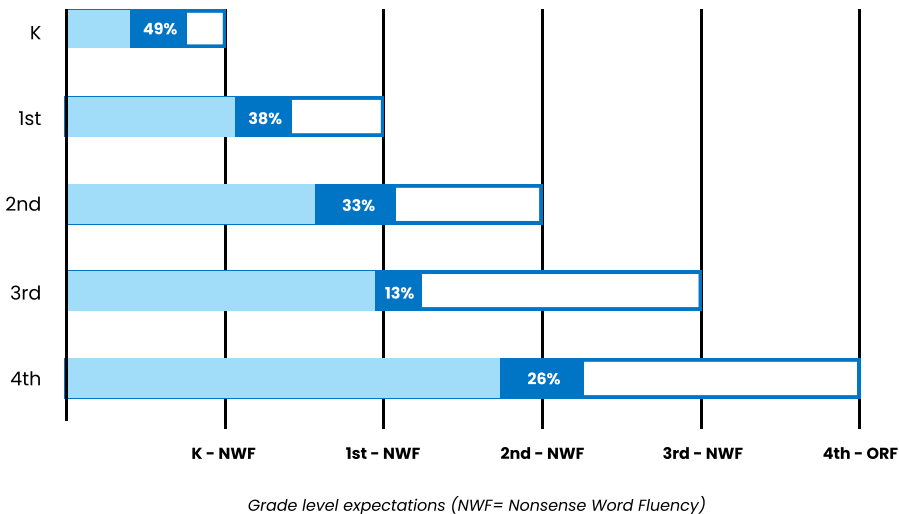

After Springboard Collaborative

Months of reading growth in 4-7 weeks

Note: N=5,357 students who participated in Springboard Collaborative summer 2024 programming. Pre-K expected growth is based on Kindergarten expectations, as no Pre-K DIBELS 8th growth standard is established.

% of reading gap closed by grade level

Key

- Avg. reading achievement before Springboard Collaborative
- Avg. reading gain after Springboard Collaborative
- Avg. remaining reading gap to reach grade level expectations

Note: N=3,713 students who started Springboard Collaborative summer 2024 programming reading below grade level expectations.

"I met my reading goal. I am proud. My mom got an award too because she can help me be a better reader. That's so cool."

Sage, Springboard Collaborative student, Fowler Unified School District
